

Love Sonkar

Web Developer ReactJs

✉ lovesonkar806@gmail.com ☎ (+91) 8461862742 📍 Dhamtari Kurud 🐦 @lovesonkar_

I am a highly skilled web developer with a passion for creating dynamic and user-friendly websites, with expertise in **HTML, CSS, JavaScript, and ReactJs** etc.

PROJECTS

BLOG APP

Reactjs, Appwrite, ReduxToolkit

📅 2023 - 2023

- Created A FullStack Blog App Using Reactjs
- Implemented user authentication and authorization using Appwrite
- Utilized Redux for state management and data persistence
- Designed and implemented a responsive and user-friendly UI/UX
- Added Lazy Load Image this will increase App performance by **40% to 50%**
- Used Latest TechStack like react-hook-form, zod, tailwindCss, Reactjs, Reduxtoolkit, appwrite etc.

AMAZON CLONE

Reactjs, Styled-component

📅 2023 - 2023

- Build An Amazon clone where users can see products and Add to their Cart
- Search Functionality And i use Debounce Method to Increase performance and this will increase **20% to 30%** performance
- Added Lazy Load Image this will increase App performance by **35% to 40%**
- Responsive and user-friendly UI/UX
- Added Some extra features like lazy load images and debounce effect i am more focused on User Experience and Performance

NETFLIX CLONE

Reactjs, Axios

📅 2022 - 2022

- Created Fully Functional Netflix clone
- Added Skeleton Loading Effect To Improve User Experience this helps to Improve Performance by **20%**
- In this clone there is lot's of category's of movies which comes from An Api and I have written a function which will fetch as much movie as is available in the user's screen at one time and the rest will be fetched when the user scrolls this has increased the speed of my app performance by **40%**

PERSONAL PORTFOLIO

Reactjs, tailwindcss

📅 2023 - 2023

- Build My Personal portfolio website with the help of Reactjs In my portfolio you can see all my projects and my resume
- Added Contact us section with the help of react-hook-form and zod for validation
- I have used a map for the location using third party API
